## Flag Football Rules

### 2010

#### Teams

Age Groups: 6-7 8-9 10-11

6-7 & 8-9 (2 Coaches from the same team allowed on the field)

10-11 (1 Coach allowed on the field)

A team must have seven players on the field. A team can start and end with six players.

Each player must have his/her flags in place around the waist before the snap to constitute as an eligible player for that play. If the player receives the ball and his/her belt was not properly affixed around the waist, the play is called dead at that point and a 5 yard penalty is accessed.

The shorts or warm ups cannot have belt loops or pockets. PENALTY will mean player is not eligible to play until problem is fixed.

**Uniform or jersey must be tucked in at all times.**

The flag belt colors are red or blue. A team must wear black shorts or pants. The shorts or pants cannot have belt loops or pockets. Penalty will mean player is not eligible to play until problem is fixed.

The head coach will make all decisions for the team. The coaches will select team captains before the game to accompany them at the coin toss at the beginning of the game.

#### **Coin Toss:**

The winner of the coin toss has 3 choices:

1. Receive the ball
2. Defense and choice of field position
3. Defer choice to 2<sup>nd</sup> half

There will be a three yard difference between the offensive and defensive line of scrimmage. The only time the defense can line-up inside of the three yard; will be when the offensive team has the ball inside the defensive three yard line. When the referee steps off the three yard defensive line and the 3<sup>rd</sup> yard is inside the goal line then the defense can line up half the distance from the ball to the goal line.

\*\*\* The defense will position them selves half the distance for one point try.

\*\*\*The defense will position them selves three yards off the ball for two point try.

There are not a set number of players that have to be on the offensive or denfensive line. All players must line up within 15 yards from the ball. (Referee Judgement)

There are no kickoffs.

## **INSIDE 2 MINUTES**

**\*\*\*\*If the ball hits the ground on a pass or lateral dead ball clock stops.  
\*\*\* If the Quarterback fumbles dead ball clock stops\*\*\*\***

**Obvious score on any tackle the score will be awarded.**

**You have 30 second to snap the ball when officials put the ball in play and the whistle blows. (Penalty: Delay of Game)**

**4<sup>th</sup> Down will be determined by:**

6-7, 8-9 & 10-11 - Can go for it or announce to the Referee they wish to “Punt” it on 4<sup>th</sup> down or the Referee will step off 30 yards from the line of scrimmage.

EXAMPLE: If teams line of scrimmage is on the 32 yard line and decide to step off 30 yards the ball will not be on the 2-yard line, it will be placed on the 10-yard line. (No “Punt” can “Land” inside the 10 yard line).

A defensive player may dive to deflag the ball carrier; HOWEVER, an offensive player cannot dive to advance the ball.

NOTE: If Defensive player while diving to de flag runner inadvertently tackles ball carrier. PENALTY: 10 yards from the point where the ball carrier left his feet. (Judgement)

### **Playing Time and Intermission:**

All leagues will play 40 minutes, divided into two halves of 20 minutes each. The intermission between halves shall be 5 minutes. When overtime is used, there will be a 3-minute intermission.

1. Game time is forfeit time.
2. The clock will run continuously except for:
  - a. Team time-outs and Official time-outs
  - b. 2-Time outs per half and 1-time-out in overtime.
  - c. The last 2 minutes of each half the clock wil be stopped for:
    - i. Out of Bounds
    - ii. Incomplete pass
    - iii. Penalties and administration of penalty
    - iv. Dead ball situations

The quarterback can take a direct snap.

The center must exchange the ball before he can be an illegible receiver.

UNDER CENTER or SHOT GUN-If the ball hits the ground, it’s a dead ball.

THE BALL IS DEAD WHEN IT HITS THE GROUND. A backward pass or fumble which touches the ground between the goal lines is dead at the spot where it touches the ground and belongs to the team last in possession unless lost on downs, and will be marked at the spot where player possession was lost.

The ball must be received by an offensive player (ie quarterback) before the ball can be considered a fumble.

EXAMPLE: If the quarterback is in the shotgun, and the center's snap hits the ground before it gets to the quarterback, the quarterback can not pick up the ball and continue play. If the ball is fumble after the quarterback has gained possession, then the ball is dead at that spot. This includes fumbled handoffs or pitchouts from the quarterback to the runningback.
